Local and Personal.

Miss Lallah Potts is visiting with friends in Needles.

Luke Turnbull visited the San Francisco district mines this week.

Henry Strawbell has opened up a fine body of ore on his claim at Layne Springs.

O. D. M. Gaddis and a party of capitalists visited the Weaver district mines this week.

Mrs. James Carroll, who resided in Kingman all summer, returned to her home in Needles yesterday.

Rev. J. M. Baxter was assigned to the Needles pastorate by the recent M. E. conference at Prescott.

Rod McLean has gone to Stockton Hill to perform his annual assessment work on a number of claims.

W. H. Cushing now abides on Stockton Hill, where he can superintend operations on his mining claims.

Robert Kier had several tons of ore from his Round Valley mines worked at the Kingman sampling works this week.

Mias Belle Maguire, who has been very ill at the Harrington House for weeks past with typhoid fever, has so far recovered that her parents were able to remove her to her home south of town yesterday.

Rev. I. G. Sigler was reappointed to the Kingman pastorate by the M. E. conference which met last week in Prescott. Church goes in Kingman and the people generally have a high regard for Rev. Sigler and are much pleased with the action of the conference.

James Twigg, W. B. McPherson and Dr. W. A. Hendryx, of Los Angeles, examined mines in San Francisco district this week. The mines carry gold to the value of about 100 per ton and show a vein width of over forty feet. The experts express themselves well pleased with the properties.

Tom Brobant, Frank Bird, Ike Hunt, Burt Dryden and Al Glodfelty have opened up a fine body of ore on the Alexander mining claim, in Paymaster basin. The ore give average result of 4½ ounces gold and 30 ounces silver to the ton. Several tons of this grade of ore are now on the dump.

S. Felger has just returned from the eastern states where he purchased a splendid stock of dry goods and furnishings for his People's Store. The goods are arriving daily and are being opened up. Don't miss examining this stock of goods before you send away to department stores for your winter goods.

George J. Gooding and family returned to Kingman last Saturday afternoon from an extended trip to the eastern seaboard states. They visited his old home in central New York and had a most enjoyable time. Kingman business men are glad to have him back again, as it is impossible to get along without him in the railroad offices here.

J. P. Finegan, the well known mining man and merchant of Chloride, was in Kingman Thursday last arranging details of the sale of the Lone Star mine, Mineral Park, to Dr. Hamilton, of Los Angeles. The Lone Star was one of the first locations made in Mineral Park basin and since discovery has produced hundreds of thousands of dollars worth of ore.

Mr. and Mrs. John Lynch are in from the C. O. D. mine.

Mr. and Mrs. Frank Austin of Chloride visited friends in Kingman this week.

W. F. Ground, the Hackberry cattleman was in Kingman on business this week.

John H. Hamilton has returned to Kingman from a month's outing in California.

The new river steamer Rita is now making regular trips between Mellen and Bill Williams Fork.

J. L. Nelson, the versatile business man of Peach Springs, was in Kingman yesterday on business.

A small washout on the A. & U. yesterday delayed the arrival of the morning train at Chloride several hours.

George M. Bowers has sold a portion of his land, on which is situated the Kingman graveyard, to the county.

The Santa Fe Pacific railroad company has signified its intention of paying its taxes before the first of December.

Chloride school bonds will soon be issued. It is thought that the entire amount of the issue will be taken up in the big lead camp.

Jas. Rosborough returned from Los Angeles yesterday morning. He left Mrs. Rosborough and the baby rapidly improving in health.

Capt. Smith and George Baumgartner, of Williams, visited in Kingman and Chloride this week. They are jolly good fellows whom it is a delight to meet.

The Postal telegraph company have been lengthening their poles in Kingman so that there will be no danger hereafter of contact with the telephone wires.

Mark Johnson, the well known business man and mine owner of Chloride, came in on Thursday's train to see his wife safely on board the west bound Santa Fe overland flyer.

Col. Thomas Ewing arrived from the coast Wednesday morning and departed for the Sheeptrail mines. The mill is pounding away on high grade rock and making regular weekly shipments of bullion to the mint.

Mrs. M. B. Eggers opened up in her establishment on 4th street, this week, one of the finest stocks of millinery ever brought to Kingman. Kingman ladies now have no excuse for sending away for their winter millinery.

Charles Metcalfe's Stanley mine in Wallapai mountain now shows an unbroken body of ore fifteen feet in length in the tunnel, which is being run into the mountain on the vein and no break is observable in the breast. The ore is worth nearly five hundred ounces in silver.

Suffler and Roscoe are getting surprising prospects of gold in their camp across the valley from White Hills. Every outcrop of quartz shows gold in a free state. The boys are developing one of the good looking veins of the camp. Charles Metcalfe of Kingman is interested with them.

The ore body in the Ben Yan mine at Layne Springs has remained unchanged to a depth of sixty feet. The ore taken from the shaft so far has paid all expense. The Messrs. Bowers have purchased title in conflict with their property and will push development from this time on.

The Clack brothers have struck ore in the winze which they are sinking on the Nighthawk. The streak is small but as it runs nearly 1500 ounces silver and one ounce gold it will not take many tons to make them wealthy. The boys are the best workers and most energetic hustlers in the county.

Phenix Holdup.

Early yesterday morning the Palace gambling house of Phenix was held up by two masked men. One of the men held the dealers and gamblers at "hands up" while the other emptied the contents of a couple of the games into a spacious sack. Gus Herschfeld, the proprietor, opened fire on the robbers from concealment and the fire was returned. The gamblers got their guns, but the two determined men stood them off until two policemen made their appearance, when they fled out the rear way. No trace of them can be found.

John H. Griffin Dead.

John H. Griffin died at the lodging house of John Penberthy on South Front street last Sunday morning. The immediate cause of death is attributed to asthmatic troubles. Mr. Griffin had resided in Mohave county many years. He was of a quiet and unassuming disposition and was well liked by all his acquaintances. He was buried Monday afternoon.

E. E. Ellinwood wired the MINER this afternoon from Flagstaff that court would probably be adjourned to the 18th or 19th of this month. Jurors should report Monday, just the same and all litigants should be on hand. Judge Sloan is in Apache county and will not be heard from until he gets back to Holbrook, where he is supposed to open court Monday.

Frank Cofer, of the Big Sandy, is in Kingman. He has just finished his contract on the Greenwood mine. At a depth of 60 feet the water flow was too strong to handle with primitive methods and Mr. Askeew has gone to Denver for machinery. The mine shows a splendid body of ore and will undoubtedly prove a bonanza.

Foster S. Dennis and Peter Caffrey came in from Layne Springs last Wednesday on business. They have been doing title work on the Fortunatus mine, north extension of the old Cincinnati, and have found good ore.

The calendar for this term of court presents the largest number of cases of any term since the organization of the county. There are few criminal cases to be tried.

This week connection was established by telephone with Chloride, the abandoned line of the White Hills Company will control the new line.

To accommodate the increased attendance of the public school twelve new desks have been ordered.

Undersheriff Henry Lovin has been scouring the country this week for jurors and witnesses.

M. D. Rocheford has returned to Kingman from a business trip to Los Angeles.

Mrs. J. P. Gideon departed for San Francisco on last Thursday's train.

Charles E. Sherman Monday last brought to the sampler several tons of copper ore from the Copper Age mine at Mineral Park. The claim so far has had very little work done on it. Many years ago a shaft was sunk in a break in the ledge to a depth of thirty feet, but the ore taken out was too low in value to handle and the claim was abandoned. Since Mr. Sherman located the lead he has run a crosscut across eight feet of ore carrying silver, gold and lead and four feet carrying a good value in copper. From the crosscut five tons of lead ore carrying values of 20 per cent lead, 55 ounces of silver and 12 ounce gold was taken out. The vein is big and strong on the surface and ought to be a bonanza.

Mrs. Challenger, of Los Angeles, was in Kingman this week trying to come to an understanding with Mulligan & Hubbs in regard to leasing the new hotel from these gentlemen. Mrs. Challenger, Mrs. L. C. Buntion and another partner, it appears, had a previous understanding in Los Angeles with Mr. Hubbs and had intended opening the new hotel this month, but owing to a disagreement of some kind the deal has fallen through.

The cattlemen of the county have again assumed the usual broad smile that invariably follows a heavy rainfall. One of the heaviest rains that has visited this section for a long time occurred this week. It was a steady downpour and lasted all Wednesday night and part of the following day.

A picnic party composed of Kingman's society people, spent an enjoyable day at the Beal spring's ranch last Sunday. Plenty of good things to eat and drink were taken along and an enjoyable outing was had.

Wm. Eshom and wife have just proved up on their homestead claim near Flagstaff, and are at present visiting friends in Kingman. They have rooms at the Harrington House.

E. Ellibee was in from Wallapai valley ranch yesterday.

The new pack of canned goods are in the market. Gaddis & Perry Co. received the first car Wednesday.

Dr. Waite, the popular dentist, is still at the Commercial, where he will be pleased to meet all who are in need of dental work. The doctor intends to make Kingman his permanent home.

International Yacht Race.

Last Tuesday the first race of the series of yacht races between the Shamrock and Columbia was sailed off Sandy Hook, but owing to light winds and calms the boats failed to run through the course within the time limit. The Shamrock was one-fourth mile in the lead when the race was declared off.

Thursday the race was declared off for the same cause. The yachts had about the same relative distance between them as in the Tuesday's race.

The yachts got away in good shape in today's race. The wind was good at the start and the Columbia took a big lead to the stakeboat, but the wind died away and the boats failed to finish. The Shamrock again demonstrated her superiority or good luck in light wind.

Commercial Hotel is now one of the best hostelry on the line of the Santa Fe Pacific railroad. Landlord Taggart has just finished renovating, papering and painting the whole house, and it is now brand new and attractive. The table is supplied with everything good in the eatable line and the cooking is unsurpassed in town. A large sample room is attached to the hotel, where traveling men can display their goods and wares.

Frank M. Barnes will try an experiment with turbines in the Colorado river below Rioville, where he has several thousand acres of placer ground. The turbine current wheel has been a decided success where it has been tried.

Albert Pierce made a trip to Signal this week. The members of the Single-Blessed-Club have about concluded that Albert will have to be sentenced to a term of imprisonment in the dry celler.

The name of Kingman's new hostelry is to be the Hotel Beale. Quite an appropriate name, as Kingman is on the old overland route laid out by Lieut. Beale in the early days.

The stringed orchestra at the M. E. church are practicing continually and will soon be accomplished musicians.

Jack McDonald and Dave Scott, of Mineral Park, were in Kingman this week on mining business.

Charles E. and George M. Bowers visited the mines of Layne Springs last Sunday.

Sam Crozier of Truxton Springs, was in Kingman this week on business.

We offer this week and until further notice: Sugar—5.75¢ per sack, or 16 lbs for 1.00¢ cash.

GADDIS & PERRY CO.

If your teeth are neglected they will sometimes cause you days of misery. Why not have them looked after by an expert dentist. See Dr. Waite at once at the Commercial.
